

De i-PRESS app in een oogopslag
Compact en altijd beschikbaar!

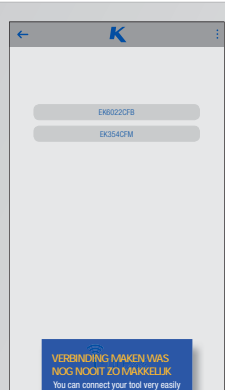

Tip

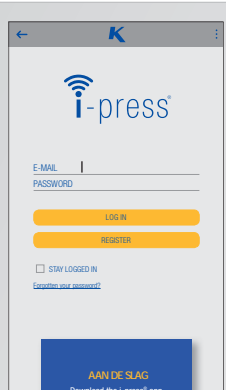

Als u zich registreert als gebruiker schrijft u zich dan gelijk in voor de Klauke nieuwsbrief - op deze manier blijft u altijd op de hoogte.

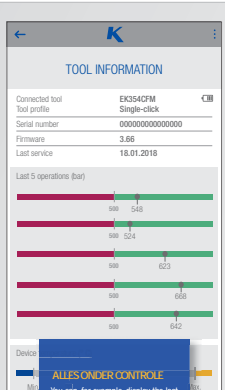

IMPULS NAVIGEREN
Here you can create projects, personalise your tool, display the pressure reading and battery charge, and much more...

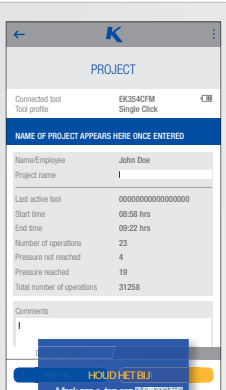

VERBINDING MAKEN WAS NOG NOOIT ZO MAKKELIJK
You can connect your tool very easily via Bluetooth. Switch on the Bluetooth function on your smartphone. As soon as you activate the tool, a connection is established and the tool will appear in the list.

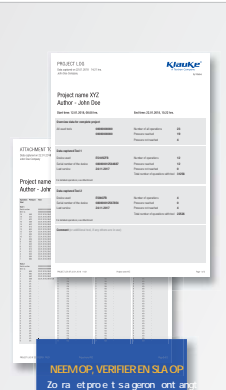

AAN DE SLAG
Download the i-press app free-of-charge to use the tool's full range of functions. Register and stay up-to-date with the Newsletter.

ALLES ONDER CONTROLE
You can, for example, display the last service date, the last five pressure values, the device temperature or the number of crimps you can still make with the connected tool.

HOUD HET BIJ
Make projects, then use the barcode to track the progress of your project.
