Herewith, we confirm that all items manufactured by **JSL Material Eléctrico SA** are conformal with the actual REACH Regulations and REACH Regulations amending to Annex XVII, and none of its products or packaging contain any of the 197 Substances of Very High Concern (SVHC) on the REACH Candidate List (last update 15- January 2019), in a concentration above the 0.1% by weight allowable limit.

Confirmation about the Directive 1907/2006 I EC (REACH)

According to article 3, point 13, JSL Material Eléctrico SA, as a manufacturer of products, but not of substances or preparations, is in the role of a "downstream user"- In this role neither obligation nor possibility for the individual (pre-) registration of substances exists.

JSL hereby declares the fulfillment of the requirements set forth by REACH Regulation (EC) No. 1907/2006 set- In case of changes within our delivery products, caused by the REACH Regulation, we will inform our business partners within our business relation and coordinate appropriate measures in the individual case.

With reference to Article 33 of the REACH Regulation, we hereby declare that our products and their packaging do not contain substances listed in the candidate list according to article 59 (1,10) of the abovementioned Regulation with a mass fraction > 0.1% (last update 15- January 2019).

These statements are made to the best of our knowledge and belief. They correspond to the current level of technology. The statements are no assurance with legal warranty status.

Queluz de Baixo, March 25, 2019
